

MOBILUX[®]

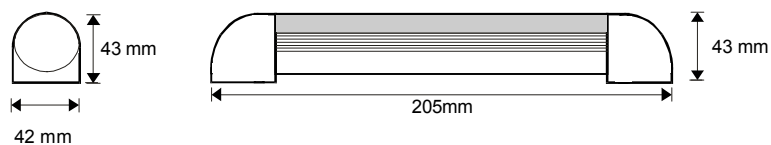

Adjustable fixture with 10Watt Xenon Festoon lamp.
Not only that you can take mobile light along with you, now you even can adjust it after being fixed to the wall.

Mobilux is an aluminium profile covered with a PC prismatic diffuser. The ends are closed off by plastic parts, which are necessary for the wall mounting and allow a rotation of 270°. The ray of light can be changed from direct to indirect illumination.

Mobilux is available in 3 different colours: Aluminium, White and Gold.

Technical data:

Operating voltage: 12 Volt AC/DC or 24 Volt AC/DC
Diameter: 42mm

Type	Voltage	Power	Lampe
M(*) 10/12	12 Volt	10 Watt	Xelogen
M(*) 10/24	24 Volt	10 Watt	Xelogen
(*) : MG= Gold MW= White MA= Aluminium
